Subject: Admissions Parking Spot

Good Morning!

As you may have noticed- we have added an "Admissions Coordinator person of the week" sign to the back of one of the Handicap signs. This is a weekly prize given to one of the Admissions team for the most enrollments for the week. This is a new contest for them, and I'd appreciate everyone's support in leaving that spot open for the designated person. Admissions has a hard job of selling the programs to students every ten weeks, and they ensure all of us job security...so I am sure you would understand the importance of this spot and recognize the person of the week using it- as they have reached the goal of having "the most enrollments for the week".

If you have any questions, please let me know.
Thanks!
