## **Enzi Disappointed that Democrat Leadership Rejects Bipartisanship**

**Washington, D.C.** – U.S. Senator Mike Enzi (R-Wyo.), Ranking Member of the Senate Health, Education, Labor and Pensions (HELP) Committee, today said that reaching a bipartisan agreement is critical to enacting successful health care reform legislation.

“It worries and disappoints me to hear the Democrat Majority Leader urge his Chairmen to stop working toward a bipartisan agreement on health care reform,” Enzi said. “The failed stimulus model of the Democrats writing a bill, picking off two or three Republicans and jamming the bill through Congress is not bipartisanship. If the Majority Leader won’t let us come up with a bill that has robust bipartisan support, the plan will ultimately fail.”
