

Stem Cell Therapeutic and Research Reauthorization Act of 2026

S.4109

Section-by-Section

Section 1. Short Title.

Section 2. Reauthorization of the C.W. Bill Young Cell Transplantation Program –

Reauthorizes the C.W. Bill Young Cell Transplantation Program at the currently appropriated level of \$33,009,000 for Fiscal Years (FY) 2027-2031. The Program helps connect patients who need a potentially life-saving bone marrow transplant or umbilical cord blood transplant with suitable donors.

Section 3. Reauthorization of the National Cord Blood Inventory –

Reauthorizes the National Cord Blood Inventory (NCBI) at the current level through FY 2031. Cord blood banks collect, store, and maintain high-quality, genetically varied cord blood units for the NCBI to help improve health outcomes.
