

AMENDMENT NO. \_\_\_\_\_ Calendar No. \_\_\_\_\_

Purpose: In the nature of a substitute.

**IN THE SENATE OF THE UNITED STATES—115th Cong., 2d Sess.**

**S. 292**

To maximize discovery, and accelerate development and availability, of promising childhood cancer treatments, and for other purposes.

Referred to the Committee on \_\_\_\_\_ and  
ordered to be printed

Ordered to lie on the table and to be printed

AMENDMENT IN THE NATURE OF A SUBSTITUTE intended  
to be proposed by \_\_\_\_\_

Viz:

1 Strike all after the enacting clause and insert the fol-  
2 lowing:

3 **SECTION 1. SHORT TITLE; TABLE OF CONTENTS.**

4 (a) SHORT TITLE.—This Act may be cited as the  
5 “Childhood Cancer Survivorship, Treatment, Access, and  
6 Research Act of 2018” or the “Childhood Cancer STAR  
7 Act”.

8 (b) TABLE OF CONTENTS.—The table of contents for  
9 this Act is as follows:

Sec. 1. Short title; table of contents.

TITLE I—MAXIMIZING RESEARCH THROUGH DISCOVERY

Subtitle A—Caroline Pryce Walker Conquer Childhood Cancer  
Reauthorization Act

- Sec. 101. Children’s cancer biorepositories and biospecimen research.  
Sec. 102. Improving Childhood Cancer Surveillance.

Subtitle B—Pediatric Expertise at NIH

- Sec. 111. Inclusion of at least one pediatric oncologist on the National Cancer  
Advisory Board.  
Sec. 112. Sense of Congress regarding pediatric expertise at the National Cancer  
Institute.

Subtitle C—NIH Reporting on Childhood Cancer Activities

- Sec. 121. Reporting on childhood cancer research projects.

TITLE II—MAXIMIZING DELIVERY: CARE, QUALITY OF LIFE,  
SURVIVORSHIP, AND CAREGIVER SUPPORT

- Sec. 201. Cancer survivorship programs.  
Sec. 202. Grants to improve care for pediatric cancer survivors.  
Sec. 203. Best practices for long-term follow-up services for pediatric cancer  
survivors.  
Sec. 204. Technical amendment.

1 **TITLE I—MAXIMIZING RE-**  
2 **SEARCH THROUGH DIS-**  
3 **COVERY**

4 **Subtitle A—Caroline Pryce Walker**  
5 **Conquer Childhood Cancer Re-**  
6 **authorization Act**

7 **SEC. 101. CHILDREN’S CANCER BIOREPOSITORIES AND BIO-**  
8 **SPECIMEN RESEARCH.**

9 Section 417E of the Public Health Service Act (42  
10 U.S.C. 285a–11) is amended—

- 11 (1) in the section heading, by striking “**RE-**  
12 **SEARCH AND AWARENESS**” and inserting “**RE-**  
13 **SEARCH, AWARENESS, AND SURVIVORSHIP**”;

1           (2) by striking subsection (a) and inserting the  
2 following:

3           “(a) CHILDREN’S CANCER BIOREPOSITORIES.—

4           “(1) AWARD.—The Secretary, acting through  
5 the Director of NIH, may make awards to an entity  
6 or entities described in paragraph (4) to build upon  
7 existing research efforts to collect biospecimens and  
8 clinical and demographic information of children,  
9 adolescents, and young adults with selected cancer  
10 subtypes (and their recurrences) for which current  
11 treatments are least effective, in order to achieve a  
12 better understanding of the causes of such cancer  
13 subtypes (and their recurrences), and the effects and  
14 outcomes of treatments for such cancers.

15           “(2) USE OF FUNDS.—Amounts received under  
16 an award under paragraph (1) may be used to carry  
17 out the following:

18           “(A) Collect and store high-quality, do-  
19 nated biospecimens and associated clinical and  
20 demographic information on children, adoles-  
21 cents, and young adults diagnosed with cancer  
22 in the United States, focusing on children, ado-  
23 lescents, and young adults with cancer enrolled  
24 in clinical trials for whom current treatments  
25 are least effective. Activities under this sub-

1 paragraph may include storage of biospecimens  
2 and associated clinical and demographic data at  
3 existing biorepositories supported by the Na-  
4 tional Cancer Institute.

5 “(B) Maintain an interoperable, secure,  
6 and searchable database on stored biospecimens  
7 and associated clinical and demographic data  
8 from children, adolescents, and young adults  
9 with cancer for the purposes of research by sci-  
10 entists and qualified health care professionals.

11 “(C) Establish and implement procedures  
12 for evaluating applications for access to such  
13 biospecimens and clinical and demographic data  
14 from researchers and other qualified health care  
15 professionals.

16 “(D) Provide access to biospecimens and  
17 clinical and demographic data from children,  
18 adolescents, and young adults with cancer to re-  
19 searchers and qualified health care professionals  
20 for peer-reviewed research—

21 “(i) consistent with the procedures es-  
22 tablished pursuant to subparagraph (C);

23 “(ii) only to the extent permitted by  
24 applicable Federal and State law; and

1                   “(iii) in a manner that protects per-  
2                   sonal privacy to the extent required by ap-  
3                   plicable Federal and State privacy law, at  
4                   minimum.

5                   “(3) NO REQUIREMENT.—No child, adolescent,  
6                   or young adult with cancer shall be required under  
7                   this subsection to contribute a specimen to a bio-  
8                   repository or share clinical or demographic data.

9                   “(4) APPLICATION; CONSIDERATIONS.—

10                   “(A) APPLICATION.—To be eligible to re-  
11                   ceive an award under paragraph (1) an entity  
12                   shall submit an application to the Secretary at  
13                   such a time, in such manner, and containing  
14                   such information as the Secretary may reason-  
15                   ably require.

16                   “(B) CONSIDERATIONS.—In evaluating ap-  
17                   plications submitted under subparagraph (A),  
18                   the Secretary shall consider the existing infra-  
19                   structure of the entity that would allow for the  
20                   timely capture of biospecimens and related clin-  
21                   ical and demographic information for children,  
22                   adolescents, and young adults with cancer for  
23                   whom current treatments are least effective.

24                   “(5) PRIVACY PROTECTIONS AND INFORMED  
25                   CONSENT.—

1           “(A) IN GENERAL.—The Secretary may  
2           not make an award under paragraph (1) to an  
3           entity unless the Secretary ensures that such  
4           entity—

5                   “(i) collects biospecimens and associ-  
6                   ated clinical and demographic information  
7                   only from participants who have given  
8                   their informed consent in accordance with  
9                   Federal and State law; and

10                   “(ii) protects personal privacy to the  
11                   extent required by applicable Federal and  
12                   State law, at minimum.

13           “(B) INFORMED CONSENT.—The Secretary  
14           shall ensure biospecimens and associated clin-  
15           ical and demographic information are collected  
16           with informed consent, as described in subpara-  
17           graph (A)(i).

18           “(6) GUIDELINES AND OVERSIGHT.—The Sec-  
19           retary shall develop and disseminate appropriate  
20           guidelines for the development and maintenance of  
21           the biorepositories supported under this subsection,  
22           including appropriate oversight, to facilitate further  
23           research on select cancer subtypes (and their  
24           recurrences) in children, adolescents, and young  
25           adults with such cancers (and their recurrences).

1           “(7) COORDINATION.—To encourage the great-  
2           est possible efficiency and effectiveness of federally  
3           supported efforts with respect to the activities de-  
4           scribed in this subsection, the Secretary shall ensure  
5           the appropriate coordination of programs supported  
6           under this section with existing federally supported  
7           cancer registry programs and the activities under  
8           section 399E–1, as appropriate.

9           “(8) SUPPLEMENT NOT SUPPLANT.—Funds  
10          provided under this subsection shall be used to sup-  
11          plement, and not supplant, Federal and non-Federal  
12          funds available for carrying out the activities de-  
13          scribed in this subsection.

14          “(9) REPORT.—Not later than 4 years after the  
15          date of enactment of the Childhood Cancer Survivor-  
16          ship, Treatment, Access, and Research Act of 2018,  
17          the Secretary shall submit to Congress a report on—

18                 “(A) the number of biospecimens and cor-  
19                 responding clinical demographic data collected  
20                 through the biospecimen research efforts sup-  
21                 ported under paragraph (1);

22                 “(B) the number of biospecimens and cor-  
23                 responding clinical demographic data requested  
24                 for use by researchers;

1           “(C) barriers to the collection of biospeci-  
2           mens and corresponding clinical demographic  
3           data;

4           “(D) barriers experienced by researchers  
5           or health care professionals in accessing the  
6           biospecimens and corresponding clinical demo-  
7           graphic data necessary for use in research; and

8           “(E) recommendations with respect to im-  
9           proving the biospecimen and biorepository re-  
10          search efforts under this subsection.

11          “(10) DEFINITIONS.—For purposes of this sub-  
12          section:

13                 “(A) AWARD.—The term ‘award’ includes  
14                 a grant, contract, or cooperative agreement de-  
15                 termined by the Secretary.

16                 “(B) BIOSPECIMEN.—The term ‘biospeci-  
17                 men’ includes—

18                         “(i) solid tumor tissue or bone mar-  
19                         row;

20                         “(ii) normal or control tissue;

21                         “(iii) blood and plasma;

22                         “(iv) DNA and RNA extractions;

23                         “(v) familial DNA; and

1                   “(vi) any other sample relevant to  
2                   cancer research, as required by the Sec-  
3                   retary.

4                   “(C) CLINICAL AND DEMOGRAPHIC INFOR-  
5                   MATION.—The term ‘clinical and demographic  
6                   information’ includes—

7                   “(i) date of diagnosis;

8                   “(ii) age at diagnosis;

9                   “(iii) the patient’s sex, race, ethnicity,  
10                  and environmental exposures;

11                  “(iv) extent of disease at enrollment;

12                  “(v) site of metastases;

13                  “(vi) location of primary tumor coded;

14                  “(vii) histologic diagnosis;

15                  “(viii) tumor marker data when avail-  
16                  able;

17                  “(ix) treatment and outcome data;

18                  “(x) information related to specimen  
19                  quality; and

20                  “(xi) any other applicable information  
21                  required by the Secretary.”; and

22                  (3) in subsection (e), by striking “(42 U.S.C.  
23                  202 note)”.

1 **SEC. 102. IMPROVING CHILDHOOD CANCER SURVEIL-**  
2 **LANCE.**

3 (a) IN GENERAL.—Section 399E–1 of the Public  
4 Health Service Act (42 U.S.C. 280e–3a) is amended—

5 (1) in subsection (a)—

6 (A) by striking “shall award a grant” and  
7 inserting “may make awards to State cancer  
8 registries”; and

9 (B) by striking “track the epidemiology of  
10 pediatric cancer into a comprehensive nation-  
11 wide registry of actual occurrences of pediatric  
12 cancer” and inserting “collect information to  
13 better understand the epidemiology of cancer in  
14 children, adolescents, and young adults”; and

15 (C) by striking the second sentence and in-  
16 serting “Such registries may be updated to in-  
17 clude each occurrence of such cancers within a  
18 period of time designated by the Secretary.”;

19 (2) by redesignating subsection (b) as sub-  
20 section (d);

21 (3) by inserting after subsection (a) the fol-  
22 lowing:

23 “(b) ACTIVITIES.—The grants described in sub-  
24 section (a) may be used for—

1           “(1) identifying, recruiting, and training poten-  
2           tial sources for reporting childhood, adolescent, and  
3           young adult cancer cases;

4           “(2) developing practices to ensure early inclu-  
5           sion of childhood, adolescent, and young adult can-  
6           cer cases in State cancer registries through the use  
7           of electronic reporting;

8           “(3) collecting and submitting deidentified data  
9           to the Centers for Disease Control and Prevention  
10          for inclusion in a national database that includes in-  
11          formation on childhood, adolescent, and young adult  
12          cancers; and

13          “(4) improving State cancer registries and the  
14          database described in paragraph (3), as appropriate,  
15          including to support the early inclusion of childhood,  
16          adolescent, and young adult cancer cases.

17          “(c) COORDINATION.—To encourage the greatest  
18          possible efficiency and effectiveness of federally supported  
19          efforts with respect to the activities described in this sec-  
20          tion, the Secretary shall ensure the appropriate coordina-  
21          tion of programs supported under this section with other  
22          federally supported cancer registry programs and the ac-  
23          tivities under section 417E(a), as appropriate.”; and

24                 (4) in subsection (d), as so redesignated, by  
25          striking “registry established pursuant to subsection

1 (a)” and inserting “activities described in this sec-  
2 tion”.

3 (b) AUTHORIZATION OF APPROPRIATIONS.—Section  
4 417E(d) of the Public Health Service Act (42 U.S.C.  
5 285a–11(d)) is amended—

6 (1) by striking “2009 through 2013” and in-  
7 serting “2019 through 2023”; and

8 (2) by striking the second sentence.

9 **Subtitle B—Pediatric Expertise at**  
10 **NIH**

11 **SEC. 111. INCLUSION OF AT LEAST ONE PEDIATRIC**  
12 **ONCOLOGIST ON THE NATIONAL CANCER AD-**  
13 **VISORY BOARD.**

14 Clause (iii) of section 406(h)(2)(A) of the Public  
15 Health Service Act (42 U.S.C. 284a(h)(2)(A)) is amend-  
16 ed—

17 (1) by striking “Board not less than five” and  
18 inserting “Board—

19 “(I) not less than 5”;

20 (2) by inserting “and” after the semicolon; and

21 (3) by adding at the end the following:

22 “(II) not less than one member shall be an  
23 individual knowledgeable in pediatric oncol-  
24 ogy;”.

1 **SEC. 112. SENSE OF CONGRESS REGARDING PEDIATRIC EX-**  
2 **PERTISE AT THE NATIONAL CANCER INSTI-**  
3 **TUTE.**

4 It is the sense of Congress that the Director of the  
5 National Cancer Institute should ensure that all applicable  
6 study sections, committees, advisory groups, and panels  
7 at the National Cancer Institute include one or more  
8 qualified pediatric oncologists, as appropriate.

9 **Subtitle C—NIH Reporting on**  
10 **Childhood Cancer Activities**

11 **SEC. 121. REPORTING ON CHILDHOOD CANCER RESEARCH**  
12 **PROJECTS.**

13 The Director of the National Institutes of Health  
14 shall ensure that childhood cancer research projects con-  
15 ducted or supported by the National Institutes of Health  
16 are included in appropriate reports to Congress, which  
17 may include the Pediatric Research Initiative report.

18 **TITLE II—MAXIMIZING DELIV-**  
19 **ERY: CARE, QUALITY OF LIFE,**  
20 **SURVIVORSHIP, AND CARE-**  
21 **GIVER SUPPORT**

22 **SEC. 201. CANCER SURVIVORSHIP PROGRAMS.**

23 (a) PILOT PROGRAMS TO EXPLORE MODEL SYSTEMS  
24 OF CARE FOR PEDIATRIC CANCER SURVIVORS.—

25 (1) IN GENERAL.—The Secretary of Health and  
26 Human Services (referred to in this section as the

1 “Secretary”) may make awards to eligible entities to  
2 establish pilot programs to develop, study, or evalu-  
3 ate model systems for monitoring and caring for  
4 childhood cancer survivors throughout their lifespan,  
5 including evaluation of models for transition to adult  
6 care and care coordination.

7 (2) AWARDS.—

8 (A) TYPES OF ENTITIES.—In making  
9 awards under this subsection, the Secretary  
10 shall, to the extent practicable, include—

11 (i) small, medium, and large-sized eli-  
12 gible entities; and

13 (ii) sites located in different geo-  
14 graphic areas, including rural and urban  
15 areas.

16 (B) ELIGIBLE ENTITIES.—In this sub-  
17 section, the term “eligible entity” means—

18 (i) a medical school;

19 (ii) a children’s hospital;

20 (iii) a cancer center;

21 (iv) a community-based medical facil-  
22 ity; or

23 (v) any other entity with significant  
24 experience and expertise in treating sur-  
25 vivors of childhood cancers.

1           (3) USE OF FUNDS.—Funds awarded under  
2 this subsection may be used—

3           (A) to develop, study, or evaluate one or  
4 more models for monitoring and caring for can-  
5 cer survivors; and

6           (B) in developing, studying, and evaluating  
7 such models, to give special emphasis to—

8           (i) design of models of follow-up care,  
9 monitoring, and other survivorship pro-  
10 grams (including peer support and men-  
11 toring programs);

12           (ii) development of models for pro-  
13 viding multidisciplinary care;

14           (iii) dissemination of information to  
15 health care providers about culturally and  
16 linguistically appropriate follow-up care for  
17 cancer survivors and their families, as ap-  
18 propriate and practicable;

19           (iv) development of psychosocial and  
20 support programs to improve the quality of  
21 life of cancer survivors and their families,  
22 which may include peer support and men-  
23 toring programs;

24           (v) design of systems for the effective  
25 transfer of treatment information and care

1 summaries from cancer care providers to  
2 other health care providers (including risk  
3 factors and a plan for recommended follow-  
4 up care);

5 (vi) dissemination of the information  
6 and programs described in clauses (i)  
7 through (v) to other health care providers  
8 (including primary care physicians and in-  
9 ternists) and to cancer survivors and their  
10 families, where appropriate and in accord-  
11 ance with Federal and State law; and

12 (vii) development of initiatives that  
13 promote the coordination and effective  
14 transition of care between cancer care pro-  
15 viders, primary care physicians, mental  
16 health professionals, and other health care  
17 professionals, as appropriate, including  
18 models that use a team-based or multi-dis-  
19 ciplinary approach to care.

20 (b) WORKFORCE DEVELOPMENT FOR HEALTH CARE  
21 PROVIDERS ON MEDICAL AND PSYCHOSOCIAL CARE FOR  
22 CHILDHOOD CANCER SURVIVORS.—

23 (1) IN GENERAL.—The Secretary shall, not  
24 later than 1 year after the date of enactment of this  
25 Act, conduct a review of the activities of the Depart-

1       ment of Health and Human Services related to  
2       workforce development for health care providers who  
3       treat pediatric cancer patients and survivors. Such  
4       review shall include—

5               (A) an assessment of the effectiveness of  
6               supportive psychosocial care services for pedi-  
7               atric cancer patients and survivors, including  
8               pediatric cancer survivorship care patient navi-  
9               gators and peer support programs;

10              (B) identification of existing models rel-  
11              evant to providing medical and psychosocial  
12              services to individuals surviving pediatric can-  
13              cers, and programs related to training for  
14              health professionals who provide such services  
15              to individuals surviving pediatric cancers; and

16              (C) recommendations for improving the  
17              provision of psychosocial care for pediatric can-  
18              cer survivors and patients.

19              (2) REPORT.—Not later than 2 years after the  
20              date of enactment of this Act, the Secretary shall  
21              submit to the Committee on Health, Education,  
22              Labor, and Pensions of the Senate and Committee  
23              on Energy and Commerce of the House of Rep-  
24              resentatives, a report concerning the findings and

1 recommendations from the review conducted under  
2 paragraph (1).

3 **SEC. 202. GRANTS TO IMPROVE CARE FOR PEDIATRIC CAN-**  
4 **CER SURVIVORS.**

5 (a) IN GENERAL.—Section 417E of the Public  
6 Health Service Act (42 U.S.C. 285a–11), as amended by  
7 section 101, is further amended by striking subsection (b)  
8 and inserting the following:

9 “(b) IMPROVING CARE FOR PEDIATRIC CANCER SUR-  
10 VIVORS.—

11 “(1) RESEARCH ON PEDIATRIC CANCER SURVI-  
12 VORSHIP.—The Director of NIH, in coordination  
13 with ongoing research activities, may continue to  
14 conduct or support pediatric cancer survivorship re-  
15 search including in any of the following areas:

16 “(A) Outcomes of pediatric cancer sur-  
17 vivors, including within minority or other medi-  
18 cally underserved populations and with respect  
19 to health disparities of such outcomes.

20 “(B) Barriers to follow-up care for pedi-  
21 atric cancer survivors, including within minority  
22 or other medically underserved populations.

23 “(C) The impact of relevant factors, which  
24 may include familial, socioeconomic, and other

1 environmental factors, on treatment outcomes  
2 and survivorship.

3 “(D) The development of indicators used  
4 for long-term follow-up and analysis of the late  
5 effects of cancer treatment for pediatric cancer  
6 survivors.

7 “(E) The identification of, as applicable—

8 “(i) risk factors associated with the  
9 late effects of cancer treatment;

10 “(ii) predictors of adverse  
11 neurocognitive and psychosocial outcomes;  
12 and

13 “(iii) the molecular basis of long-term  
14 complications.

15 “(F) The development of targeted inter-  
16 ventions to reduce the burden of morbidity  
17 borne by cancer survivors in order to protect  
18 such cancer survivors from the late effects of  
19 cancer.

20 “(2) BALANCED APPROACH.—In conducting or  
21 supporting research under paragraph (1)(A)(i) on  
22 pediatric cancer survivors within minority or other  
23 medically underserved populations, the Director of  
24 NIH shall ensure that such research addresses both

1 the physical and the psychological needs of such sur-  
2 vivors, as appropriate.”.

3 **SEC. 203. BEST PRACTICES FOR LONG-TERM FOLLOW-UP**  
4 **SERVICES FOR PEDIATRIC CANCER SUR-**  
5 **VIVORS.**

6 The Secretary of Health and Human Services may  
7 facilitate the identification of best practices for childhood  
8 and adolescent cancer survivorship care, and, as appro-  
9 priate, may consult with individuals who have expertise in  
10 late effects of disease and treatment of childhood and ado-  
11 lescent cancers, which may include—

12 (1) oncologists, which may include pediatric  
13 oncologists;

14 (2) primary care providers engaged in survivor-  
15 ship care;

16 (3) survivors of childhood and adolescent can-  
17 cer;

18 (4) parents of children and adolescents who  
19 have been diagnosed with and treated for cancer and  
20 parents of long-term survivors;

21 (5) nurses and social workers;

22 (6) mental health professionals;

23 (7) allied health professionals, including phys-  
24 ical therapists and occupational therapists; and

1           (8) others, as the Secretary determines appro-  
2           priate.

3 **SEC. 204. TECHNICAL AMENDMENT.**

4           (a) **IN GENERAL.**—Section 3 of the Hematological  
5 Cancer Research Investment and Education Act of 2002  
6 (Public Law 107–172; 116 Stat. 541) is amended by strik-  
7 ing “section 419C” and inserting “section 417C”.

8           (b) **EFFECTIVE DATE.**—The amendment made by  
9 subsection (a) shall take effect as if included in section  
10 3 of the Hematological Cancer Research Investment and  
11 Education Act of 2002 (Public Law 107–172; 116 Stat.  
12 541).
