

S. __, Special Education Administration Protection Act

Section 1. Short Title.

Denotes this Act for citation as the “Special Education Administration Protection Act”.

Section 2. Prohibition on Transferring the Functions of the Office of Special Education and Rehabilitative Services.

Prohibits the Department of Education from transferring, outsourcing, or otherwise assigning functions of the Office of Special Education and Rehabilitative Services to the Department of Health and Human Services. It would also prevent the agencies from using existing interagency contracting and transfer authorities to circumvent the prohibition, while allowing agreements already in effect as of February 1, 2025, and their renewals, to continue.
