

Title X in Indiana

Senate Health, Education, Labor, and Pensions Committee, Democratic Staff

In Indiana in 2015, there were **33** Title X–funded sites operated by different types of agencies. Collectively these Title X–funded sites delivered contraceptive care to **30,750** women in Indiana. Title X–supported Planned Parenthood health centers served **31 percent** of these women.

TITLE X-FUNDED SITES AND CLIENTS SERVED IN INDIANA BY AGENCY TYPE

	% of Total Sites	% of Total Clients
Health Departments	3%	2%
Planned Parenthood	18%	31%
Federally Qualified Health Centers	42%	43%
Hospitals	9%	11%
Other	27%	13%

In 2015, Title X–supported contraceptive services helped Indiana women to **prevent 6,600 unintended pregnancies and 2,200 abortions**. Title X–funded sites in Indiana delivered contraceptive care to 5,130 female adolescent clients (under age 20), helping them to prevent **1,400 unintended pregnancies and 400 abortions**.

IMPACT OF POTENTIAL THREATS TO TITLE X IN INDIANA

If Planned Parenthood were excluded from Title X, all other types of Title X-funded sites in Indiana would have to increase their contraceptive client caseloads by **46 percent** to serve the women who currently obtain contraceptive care from Planned Parenthood health centers, as illustrated below.

If all Title X funds were redirected only to federally qualified health center sites that serve at least 10 contraceptive clients a year in Indiana, those sites would have to **increase their contraceptive client caseloads by 62 percent** to maintain the current reach of Title X.

For more state-specific detail on the impact of:

- excluding Planned Parenthood from Title X, see this [June 2017 analysis](#) (esp. [Table 2](#)).
- redirecting all Title X funds to FQHC sites, see this [May 2017 analysis](#) (esp. [Table 5](#)).
