

Title X in Kansas

Senate Health, Education, Labor, and Pensions Committee, Democratic Staff

In Kansas in 2015, there were **63** Title X–funded sites operated by different types of agencies. Collectively these Title X–funded sites delivered contraceptive care to **25,530** women in Kansas. Title X–supported Planned Parenthood health centers served **seven percent** of these women.

TITLE X-FUNDED SITES AND CLIENTS SERVED IN KANSAS BY AGENCY TYPE

In 2015, Title X–supported contraceptive services helped Kansas women to **prevent 5,500 unintended pregnancies and 1,900 abortions**. Title X–funded sites in Kansas delivered contraceptive care to 4,160 female adolescent clients (under age 20), helping them to prevent **1,100 unintended pregnancies and 300 abortions**.

IMPACT OF POTENTIAL THREATS TO TITLE X IN KANSAS

If Planned Parenthood were excluded from Title X, all other types of Title X-funded sites in Kansas would have to increase their contraceptive client caseloads by **eight percent** to serve the women who currently obtain contraceptive care from Planned Parenthood health centers, as illustrated below.

If all Title X funds were redirected only to federally qualified health center sites that serve at least 10 contraceptive clients a year in Kansas, those sites would have to **at least quadruple their contraceptive client caseloads** to maintain the current reach of Title X.
