

Title X in Nebraska

Senate Health, Education, Labor, and Pensions Committee, Democratic Staff

In Nebraska in 2015, there were **28** Title X–funded sites operated by different types of agencies. Collectively these Title X–funded sites delivered contraceptive care to **22,520** women in Nebraska. Title X–supported Planned Parenthood health centers served **29 percent** of these women.

TITLE X-FUNDED SITES AND CLIENTS SERVED IN NEBRASKA BY AGENCY TYPE

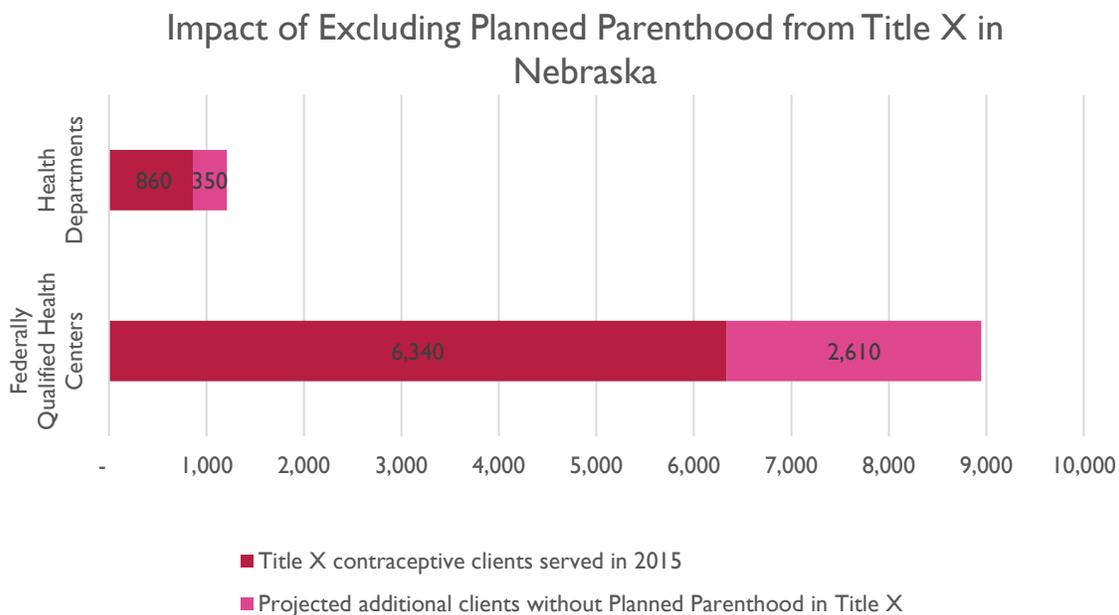

| | % of Total Sites | % of Total Clients |
|---|------------------|--------------------|
| Health Departments | 7% | 4% |
| Planned Parenthood | 7% | 29% |
| Federally Qualified Health Centers | 29% | 28% |
| Hospitals | 11% | 4% |
| Other | 46% | 35% |

In 2015, Title X–supported contraceptive services helped Nebraska women to **prevent 4,800 unintended pregnancies and 1,600 abortions**. Title X–funded sites in Nebraska delivered contraceptive care to 3,160 female adolescent clients (under age 20), helping them to prevent **900 unintended pregnancies and 300 abortions**.

IMPACT OF POTENTIAL THREATS TO TITLE X IN NEBRASKA

If Planned Parenthood were excluded from Title X, all other types of Title X-funded sites in Nebraska would have to increase their contraceptive client caseloads by **41 percent** to serve the women who currently obtain contraceptive care from Planned Parenthood health centers, as illustrated below.

If all Title X funds were redirected only to federally qualified health center sites that serve at least 10 contraceptive clients a year in Nebraska, those sites would have to **at least double their contraceptive client caseloads** to maintain the current reach of Title X.

For more state-specific detail on the impact of:

- excluding Planned Parenthood from Title X, see this [June 2017 analysis](#) (esp. [Table 2](#)).
- redirecting all Title X funds to FQHC sites, see this [May 2017 analysis](#) (esp. [Table 5](#)).
