

Title X in Oregon

Senate Health, Education, Labor, and Pensions Committee, Democratic Staff

In Oregon in 2015, there were **81** Title X–funded sites operated by different types of agencies. Collectively these Title X–funded sites delivered contraceptive care to **48,990** women in Oregon. Title X–supported Planned Parenthood health centers served **41 percent** of these women.

TITLE X-FUNDED SITES AND CLIENTS SERVED IN OREGON BY AGENCY TYPE

In 2015, Title X–supported contraceptive services helped Oregon women to **prevent 10,500 unintended pregnancies and 3,500 abortions**. Title X–funded sites in Oregon delivered contraceptive care to 11,270 female adolescent clients (under age 20), helping them to prevent **3,100 unintended pregnancies and 900 abortions**.

IMPACT OF POTENTIAL THREATS TO TITLE X IN OREGON

If Planned Parenthood were excluded from Title X, all other types of Title X-funded sites in Oregon would have to increase their contraceptive client caseloads by **69 percent** to serve the women who currently obtain contraceptive care from Planned Parenthood health centers, as illustrated below.

If all Title X funds were redirected only to federally qualified health center sites that serve at least 10 contraceptive clients a year in Oregon, those sites would have to **at least double their contraceptive client caseloads** to maintain the current reach of Title X.

For more state-specific detail on the impact of:

- excluding Planned Parenthood from Title X, see this [June 2017 analysis](#) (esp. [Table 2](#)).
- redirecting all Title X funds to FQHC sites, see this [May 2017 analysis](#) (esp. [Table 5](#)).
