

Title X in Illinois

Senate Health, Education, Labor, and Pensions Committee, Democratic Staff

In Illinois in 2015, there were **95** Title X–funded sites operated by different types of agencies. Collectively these Title X–funded sites delivered contraceptive care to **119,730** women in Illinois. Title X–supported Planned Parenthood health centers served **42 percent** of these women.

TITLE X-FUNDED SITES AND CLIENTS SERVED IN ILLINOIS BY AGENCY TYPE

	% of Total Sites	% of Total Clients
Health Departments	29%	10%
Planned Parenthood	18%	42%
Federally Qualified Health Centers	44%	37%
Hospitals	5%	8%
Other	3%	4%

In 2015, Title X–supported contraceptive services helped Illinois women to **prevent 25,700 unintended pregnancies and 8,700 abortions**. Title X–funded sites in Illinois delivered contraceptive care to 20,290 female adolescent clients (under age 20), helping them to prevent **5,600 unintended pregnancies and 1,600 abortions**.

IMPACT OF POTENTIAL THREATS TO TITLE X IN ILLINOIS

If Planned Parenthood were excluded from Title X, all other types of Title X-funded sites in Illinois would have to increase their contraceptive client caseloads by **73 percent** to serve the women who currently obtain contraceptive care from Planned Parenthood health centers, as illustrated below.

If all Title X funds were redirected only to federally qualified health center sites that serve at least 10 contraceptive clients a year in Illinois, those sites would have to **increase their contraceptive client caseloads by 71 percent** to maintain the current reach of Title X.

For more state-specific detail on the impact of:

- excluding Planned Parenthood from Title X, see this [June 2017 analysis](#) (esp. [Table 2](#)).
- redirecting all Title X funds to FQHC sites, see this [May 2017 analysis](#) (esp. [Table 5](#)).
