

Title X in Wisconsin

Senate Health, Education, Labor, and Pensions Committee, Democratic Staff

In Wisconsin in 2015, there were **19** Title X–funded sites operated by different types of agencies. Collectively these Title X–funded sites delivered contraceptive care to **30,850** women in Wisconsin. Title X–supported Planned Parenthood health centers served **79 percent** of these women.

TITLE X-FUNDED SITES AND CLIENTS SERVED IN WISCONSIN BY AGENCY TYPE

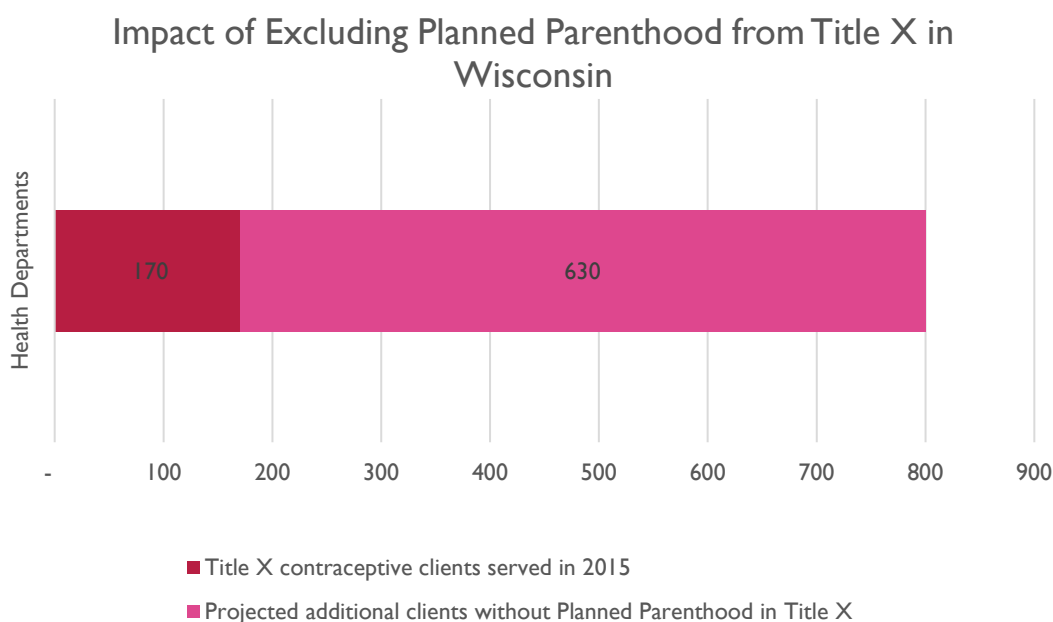

In 2015, Title X–supported contraceptive services helped Wisconsin women to **prevent 6,600 unintended pregnancies and 2,200 abortions**. Title X–funded sites in Wisconsin delivered contraceptive care to 5,260 female adolescent clients (under age 20), helping them to prevent **1,400 unintended pregnancies and 400 abortions**.

IMPACT OF POTENTIAL THREATS TO TITLE X IN WISCONSIN

If Planned Parenthood were excluded from Title X, all other types of Title X-funded sites in Wisconsin would have to increase their contraceptive client caseloads by **367 percent** to serve the women who currently obtain contraceptive care from Planned Parenthood health centers, as illustrated below.

If all Title X funds were redirected only to federally qualified health center sites that serve at least 10 contraceptive clients a year in Wisconsin, those sites would have to **at least triple their contraceptive client caseloads** to maintain the current reach of Title X.

For more state-specific detail on the impact of:

- excluding Planned Parenthood from Title X, see this [June 2017 analysis](#) (esp. [Table 2](#)).
- redirecting all Title X funds to FQHC sites, see this [May 2017 analysis](#) (esp. [Table 5](#)).
